

ACTIONESSE

ARTIST STATEMENT

From The Artist — *DEEP*

“Actionesse is about four different styles of musicians coming together to find common ground. Turns out, that ground is a patch of quicksand. You will hardly ever catch us in the same moment twice. As we slip and slide between moods on stage, what began as an inviting, comfortable dance party may take a swift turn toward erratic darkness. Only through the stage experience can the wild insanity and aggressive nature of our music be fully appreciated. Please join us in the celebration of human chaos and collective joy.”
